

The 150th Sesquicentennial Community Essays

The East Stroudsburg Borough will be observing and celebrating our “150th + 1!” Anniversary this May 29 through October 18, 2021, because of the pandemic the celebration was put on hold from last year. The various events and activities will be on the Borough web site, EastStroudsburgboro.org, by April 25th, 2021. To commemorate the event, we will be publishing a special booklet that will include our sponsors, list of events, as well as essays from the local school community, as well as you, the citizens of the community past and present and any other interested people.

The essays to be included, from the community, are separate from the school community, are to be 100 to 150 words. Please email your essays by April 30, Maury.Molin@eaststroudsburgboro.org or dropped them off at the Borough office Monday through Friday 8 AM – 5 PM.

The essay may include personal stories and/or legacies of yourself, your family, individuals, groups, businesses and other entities that have added to the history of the borough.

Thank you for considering this invaluable activity to be included in the celebration and history of the borough, in which was incorporated May 23rd, 1870. The origin of the settled community dates to 1738.
